While checking the figures of this report on the working of the Mysore Arms and Explosives Regulations it was found that the corrections I have submitted within, for approval, in red-ink are apparently necessary to make the present report correspond with the Forms numbers &c of the Mysore Regulations.

The numbers and citations of the British Forms of Statements do not appear to have been altered in the Inspector Generals Office.

The two licenses to possess and transport gun powder and fuses for ~~bona~~ bona fide blasting purposes (vide Serial 9. of Statement I) issued by the Dt Magistrates probably under the Regs & Rules to be now covered also by [15] of the Rules the Mysore Explosives Regulation &

might

thought therefore have been embodied in the last statement of licences issued under the Explosives (Regulations & Rules) Act.

Report on the working of the Arms and Explosives Regulations in Mysore for the year 1897-98 submitted by the Inspector General of Police in Mysore.

Order thereon NO.

Dated Bangalore /2th July 1900.

The total number of licenses issued under the different Forms by the District Magistrates during the year under report was 11912, against 10989 in the previous year, the difference being mainly due to an increase of 1105 licenses under Form IV coupled with a decrease of 181 licenses under Form VII. The former striking increase is reported to have arisen chiefly from a large number of applications received from Planters, Agriculturits and others, especially in Jungle tracts.

2. 26 licenses under Form VI were issued in the Kolar District, and the absence of similar applications in any of the other Districts is reported to be due probably to ignorance of the provision governing such licenses. The District Magistrates will therefore be requested to take measures for giving due publicity to the same.

There were 77 dealers in sulphur the

quantity sold by them during the year being 18 tons, 16 cwts, 4 qrs and 19 lbs, leaving at its close a balance on hand of 11tons, 9 cwts, 2 qrs and 26 lbs.

4. The Inspector General brings to notice that the working of Rule 14 of the rules under the Arms Regulation has not been noticed in the reports from any of the Districts. The attention of the District Magistrates will be drawn to the omission in view to its being duly supplied in future.

5. The inspection done during the year was not satisfactory and the District Magistrates will be expected to see that a fair share of attention is given to this important work in future.

6. No application for license under the Mysore Explosives Regulation is re-ported to have been received in any of the Districts during the year under Report.

7. The report under review is the first of its kind submitted by the Inspector General, and it is hoped that the errors and omissions noticed by him as well as the delay in the submission of the District reports will not be al-lowed to recur.

OFFICE OF THE INSPECTOR GENERAL OF POLICE IN MYSORE,
Dated 5th January 1900.

From

THE INSPECTOR GENERAL OF POLICE IN MYSORE.

To

THE SECRETARY TO THE GOVT. OF MYSORE,
General and Revenue Departments.

SIR,

I have the honor to submit the consolidated Reports and Statements noted in the margin, as required in your Official Memorandum No. 16413-21—J. 1612, dated 15th June 1898, on the working of the Arms and Explosives Regulations. In spite of repeated reminders, the various District reports were received on the dates noted below :—

1. Statement showing the number and description of licenses issued by the District Magistrates for 1897-98 and the previous year.
2. Statement showing the number of licensed dealers in sulphur in the Province, their stock and the purpose for which it was sold.
3. Report of inspection of stock premises and books of persons licensed under Forms VI and VII to manufacture, convert, keep or sell arms, ammunition or military stores.

Bangalore	..	..	..	30th June 1899.
Kolar	..	..	..	7th July 1899.
Tumkur	..	..	..	15th Nov. 1898.
Mysore	..	..	..	11th Feb. 1899.
Hassan	..	..	..	1st May 1899.
Shimoga	..	..	..	11th May 1899.
Kadur	..	..	..	20th June 1899.
Chitaldrug	..	..	..	11th Aug. 1899.

Though submitted after such delay many of the reports contained errors, and further information had to be called for, the replies to which were not all received till the 23rd October 1899. I regret therefore that this report has had to be delayed so long. The official memo referred to above having been issued after the year 1897-98 expired, some particulars required for the statements were not available in the registers that had been maintained hitherto and have had to be left unsupplied.

2. The subjoined statement shows the number and description of licenses issued under the different forms by the District Magistrates during the year 1897-98, as compared with those of the previous year :—

	Grand Total ..	10,989	12,928	218	11,912	13,705	209	1,134	211	Total increase 923 licenses.

It will be seen from the statement that 11,912 licenses were issued this year against 10,989 in the year previous, showing an increase of 923 licenses. A striking increase of 1,105 is perceptible in the number of licenses issued under Serial No. 5, (License to possess arms, ammunition and to go armed for purposes of sport, protection or display) and this is attributed by the District Magistrates to a large number of applications having been received from planters, agriculturists and others especially in jungle tracts.

The details of the increase by Districts are given below :—

	Increase.	*Decrease.*
Bangalore	149	..
Kolar	342	..
Tumkur	22	..
Mysore	245	..
Hassan	170	...
Shimoga	258	..
Chitaldrug	54	..

Total ..	1,240	135
Net Increase ..	1,105	

3. There was no application for license to import arms, ammunition or military stores by river or land (Serial No. 2). The District Magistrate, Shimoga, reports that no licenses for the transport of arms, etc., from one part of the Mysore State to another were issued during the year, as most of the licensed dealers obtained their supplies from the British Territory, under licenses issued by the Resident in Mysore.

4. There was a decrease of 181 in the number of licenses issued under Form XI (Serial No. 8), License to possess arms and ammunition for the purpose of destroying wild animals. Only two licenses were issued under Form II (Serial No. 1), License to transport arms, ammunition or military stores in British India, against one in the previous year in the Bangalore District. 26 licenses were issued in the Kolar District under Form X (Serial No. 7), license to possess fire-arms, ammunition or military stores in a District which has not been disarmed. No licenses have been taken out in any other district of the Province under this head, owing probably to ignorance of this provision. None of the District Magistrates has given the number of arms included in License Form XI produced for inspection before them under Rule [illegible] of the rules. They do not even state in the report whether the rule was enforced, and any arms were produced for inspection at all. This is a grave omission to which the attention of the District Magistrates will be invited.

5. It is reported by the District Magistrates that, before issue of licenses, careful enquiries were made as to the character, status and conduct of the applicants, and that disorderly or dangerous persons were carefully excluded from the enjoyment of the privilege.

6. Statement II showing the number of licensed dealers in sulphur and their stock, etc., is annexed.* There were 76 dealers in sulphur. The quantity sold during the year 1897-98 amounted to 18 tons, 16 cwts, 3 qrs. and 19 lbs., and the balance in hand on the 30th June 1898 was 11 tons, 9 cwts, 2 qrs. and 26 lbs. The District Magistrate of Shimoga reports that columns showing the quantity of sulphur for which licenses were last issued and the quantity imported in the year 1897-98 could not be filled in for want of particulars, as no appropriate columns had been provided in the forms contained in the Arms Regulation. But these might have been gathered from the licenses themselves, as has been done in some

* *Vide* separate statement.

other Districts. The District Magistrate of Hassan reports that, in some cases, the quantity of sulphur imported by the dealers under license was much in excess of the quantity sold, and that the stock in consequence was excessive. The District Magistrate of Bangalore reports that two dealers Haji Madar Sabi and A. Nirudin Sab made some local purchases of sulphur, which accounts for the variations in the entries. These District Magistrates state that steps will be taken to prevent such irregularities in future. It is further reported that sulphur was largely used throughout the Province for medicinal and disinfecting purposes and for pyrotechnic display. The District Magistrate of Chitaldrug reports that sulphur weighing 1 qr. and 20 lbs., belonging to one Chennavirapppa, was confiscated to Government as he did not obtain a license for the year 1897-98.

7. Statement No. III shows the inspection of stock premises and books of persons licensed under Forms VI and VII. It will be seen therefrom that in the Chitaldrug, Kadur, Shimoga, Mysore, Hassan and Kolar Districts only, was any inspection held by the Magistrates or Police officers, and even in these, the inspection was not satisfactory. In the other districts not even an attempt had been made in this direction. The District Magistrates have, however, promised to issue strict instructions for careful inspection in future.

Vide separate statement.

8. No licenses were issued under the Mysore Explosives Regulation in any part of the Province during the year 1897-98.

I have the honor to be,
Sir,
Your most obedient Servant,

Y. V. KRISHNAMURTI,
for *Inspector General of Police.*
